

Guide on submitting an Outline Proposal in ISAAC

Published on 3 December 2018, updated on 11 January 2019, version 2

For technical questions, please contact the ISAAC helpdesk via ISAAC.helpdesk@nwo.nl or +31 900 696 4747.

Outline Proposals to the NORFACE Governance programme must be submitted by the Main Applicant via the online submission system ISAAC (<https://www.ISAAC.nwo.nl/>), hosted by the NORFACE Coordination Office at the Netherlands Organisation for Scientific Research (NWO). This is the only way to submit a NORFACE Governance proposal; applications sent via other channels will not be eligible and will not be evaluated. The proposal must be uploaded and submitted before the deadline of **19 February 2019, 14.00 CET**.

Note that some (national or regional) funding agencies require that applicants also submit additional documents to them, as indicated in the National and Regional Eligibility Requirements to the Call for Proposals. The following countries require for applicants to also submit the (Outline and) Full Proposal through their national/regional systems. Please check with your agencies, at which stage this is relevant.

- Austria
- Belgium, Wallonia and Brussels Federation (F.R.S.-FNRS)
- Luxembourg
- Poland
- Switzerland

Important

1. The proposal must be submitted by the Main Applicant. This means that the Main Applicant's ISAAC account must be registered with the name and email address of the Main Applicant.
2. **Organisation of application and Organisation of execution: During the creation of the application in ISAAC, the "Organisation" (affiliation) of the Main Applicant has to be selected** both under *Organisation of application* and *Organisation of execution*. Please note that the names, affiliations and contact details of the other PIs should not be filled out in ISAAC. This information must be entered in the Pre-application form.
3. **Find your organisation in the system:** An extensive search option is available to search for organisations. It is possible to only use the Name field by entering (part or parts of) the full name of the organisation.
If your institution is not in the system, you can request the creation of a new organisation by sending an e-mail to ISAAC [Central Relations Management](#). **Please do so at least 5 days before the submission deadline!** 
4. Each new application can be changed or deleted by the Main Applicant via ISAAC at any time as long as it has not been submitted. All application data are stored in a secure database and file system. The data cannot be viewed by NWO staff until after the application has been submitted. The fully-completed application can only be submitted once. This means that the application is sent to NWO for processing. Submitted applications can no longer be changed. This ensures that the application submitted by you is identical to the copy held by NWO.
